Thomas J. Craighead, Regional Director of the Boys' Clubs of America, spoke briefly on the expansion of the Boys' Club program throughout the United States and commended the local board on the fine job it has done in making the Arlington clubhouse so attractive and serviceable.

Guest speaker J. Wilard Hayden President of the Charles Hayden Foundation, spoke at length on the advisability of Arlington embarking on a plan to prepare the way for a new modern building complete with gymnasium and swimming pool. Mr. Hayden suggested securing a more accessible piece of land in a better location. In closing his remarks Mr. Hayden invited the Board to confer with him when they are ready to go ahead.

In his annual report, J'm Sumner pointed out the tremendous growth in the midget and junior divisions and the interest of the boys in the group clubs and their activities in the craft classes.

Officers elected for the ensuing year are President Walter T. Kenney; Vice President, Charles B. Perham; Vice President Maurice Sandler; Treasurer, Walter S. Cooleedge Jr.; Secretary, A. # Women Voters List Facts On Proposed Town Government

The Arlington League of Women Voters recently sent to its membership a letter containing information on the proposed changes in town government, which proposal will be submitted to the voters at the March 6th election.

Sections of the letter have been referred to the readers of the PRESS by officers of the league of Women Voters of Arlington.

The following quotations are taken from the letter:

"This proposal which involves administrative changes only, and is not a change in the present Town Meeting form of government, will become effective March, 1951, if approved by the voters. In effect it provides for:

- 1) The merger of the Board of Public Works, the Joint Board of Selectmen and Public Works, and the Tree Warden into a five-man Board of Selectmen;
- 2) The employment of an Executive Officer by the new Board of Selectmen to be the administrative head of these merged departments;
- 3) The centralization of all town purchasing under the Executive Officer, except for the purchase of library books, and books and educational equipment for schools;
- 4) The submission of budgets for town departments before a certain date.

ARGUMENTS FOR:

1. Town is now too large to be efficiently run without full-time executive.
2. Executive Officer will relieve Selectmen of burdensome administrative details.
3. Full-time Executive Officer will increase the efficiency through coordination in administration of departments involved.
4. Appreciable saving of money will be realized through centralized purchasing.
5. A five-man Board of Selectmen will prevent deadlocks.

ARGUMENTS AGAINST:

1. Present form of government is satisfactory.
2. Town credit is good under present administration.
3. Executive Officer would have no authority except that given him by Board of Selectmen.
4. There is no guarantee of substantial savings.
5. If any change is necessary, why not include all departments? If you are in favor of the proposed changes, vote YES; if you are opposed, vote NO."

# Discuss Subway Extension Plans

On Monday, February 13th at a meeting held in Payson Hall, Belmont, the Kiwanis 5th Division had a panel discussion on Public Affairs and Business activities that the Kiwanis Clubs will get behind for the coming year.

Representative Henry E. Keenan and President of Arlington Kiwanis from Arlington discussed the extension of the Harvard Square subway underground to Porter Sq. and then along the Fitchburg Division to an area of land located in West Cambridge just off the intersection of the Concord Turnpike and the Alewife Brook Parkway where it is expected the M.T.A. terminal will be established. Representative Keenan pointed out that this proposed extension, along with the Concord Turnpike extension was discussed some four years ago before the same group but, due to the financial condition of the M.T.A. and the lack of funds at that time, for construction, the matter was held in abeyance. However, now that legislation was filed last year by Representative Keenan, calling for this extension and the fact that it is possible that another one hundred million dollar Bond Issue will be voted upon by the present session of the Legislature, these two projects are in a better position to come into reality at this time.

The Representative also pointed out that he has filed a Bill in the present session of the Legislature calling for the transfer of the M. D. C. land to the M. T. A., which will be the first step in establishing this area as the definite location for the terminal.

The Kiwanis Clubs will get behind both of these projects. In the 5th Division are the Kiwanis Clubs of Arlington, Belmont, Cambridge, Somerville, Watertown, and Waltham.

# Shots Stop Youths After Wild Chase Through Three Towns

## Citizen's Com. Lauds Donoghue

STEPHEN S. DONOGHUE

Mr. Stephen S. Donoghue, candidate for Selectman, is waging a vigorous campaign throughout the Town. With supporters in every precinct, his election seems certain.

Mr. Donoghue's reputation in his profession is such that none of the stock phrases used to characterize candidates is adequate.

He is a tireless worker, who by his own efforts, has reached the heights which every American works for. Success. He is not only a widely-known businessman, but is also a great family man. His five sons are a credit to his training.

He is now in a position to offer his training and experience to the town.

The Citizens Committee had endorsed his candidacy and is proud to back a man of his high calibre for public office. There is a need for his type of businessman on the Board of Selectmen and that their selection is outstanding. With news papers appealing for successful and experienced men to lend their aid to the solving of municipal problems, Mr. Donoghue has now answered that appeal.

His supporters come from every section of Arlington and are already working, together with the Citizens Committee, to elect Stephen S. Donoghue the next Selectman.

# Arlington Police Car Damaged, Officers Shaken Up As Trio Flee To Cambridge: One Hurt

The expert marksmanship of Arlington and Cambridge Police stopped three Cambridge youths after a 60 mile-an-hour, gun-shooting, 15 mile chase, through Lexington, Arlington and Cambridge early Monday morning.

One of the youths, Donald Cox, 18, 14 Pleasant st., Cambridge received superficial wounds of the back and lower neck, the result of bullets fired by the Arlington Police.

About 4:00 a.m. Monday morning Sgt. James Ryan, riding in car No. 7 with officer Harold O'Leary and Arthur Guarente, radioed headquarters that he was pursuing a speeding car, Maine registration, which refused to stop when signaled.

Arlington Police radioed Cambridge police giving them the details and telling them to block off road to the rotary on the end of the Concord Turnpike.

The fugitives made three attempts to wreck the pursuing Arlington cruiser, the first while they were being chased down the pike. When this effort to wreck the cruiser failed, Sgt. Ryan and officer Guarente fired at the car in an attempt to bring it to a stop.

The first volley of bullets failed to stop the fleeing car and as it approached the rotary at the end of the pike it swerved, avoided the Cambridge cruiser which was blocking the road and continued into Cambridge.

Both cruisers then took up the chase, holding their fire as they sped around the congested corner of Mt. Auburn st., in Cambridge.

The run-away car sped down towards Harvard Square and then off on to Green st. Here, after another attempt was made to smash up he police cars, the Arlington cruiser driven by officer O'Leary pulled along-side the speeding fugitives just as Cambridge Police punctured their rear tire with a bullet.

The Arlington cruiser then forced the car into a tree.

The driver of the car ran from the wrecked vehicle down an alley with officers William Story and William Doyle of Cambridge in pursuit. The fugitive tipped over a barrel and both officers tripped on it in the dark alley, thus giving the lad time to escape.

The Arlington Policemtn along with Cox and two other prisoners identified as William Cooper and Harry Graham, both 17, of Cambridge, were taken to the Cambridge Hospital for treatment of cuts and bruises received from the crash. The Arlington officers were released, having only been shaken up.

The three youths were brought to court Tuesday morning, two were held in \$5000 bail for the Grand Jury and Cox was sent to the Tewksbury State Hospital for further treatment.

# Hadassah Hears Talk On Israel

The February meeting of the Arlington Chapter of Hadassah was held at the Academy of Music on Tuesday evening, February 7, with Mrs. Meyer Berman presiding.

Mrs. A. Spector, chairman of Education, spoke on recent happenings in Israel and its new capital, Jerusalem.

A report on the progress of the Youth Aliyah fund-raising project was given by Mrs. M. Gerber.

Since this meeting was devoted to Jewish National Fund, Mrs. M. Zellin, chairman of J. N. F. spoke of making secure all of Israel's borders for settlement and of the vital importance of planting trees in barren areas. She stressed the need of purchasing trees through tree certificates.

Mrs. Samuel Rubin, a member of the New England Regional Board of Hadassah, was guest speaker. Mrs. Rubin spoke on the importance of Hadassah Supplies and made a strong appeal for organizing knitting and sewing groups.

After the regular meeting, a playlet entitled, "Life with Hadassah" was presented under the able direction of Mrs. E. Rhingold, who acted as narrator. Talented members of the group taking part were Mesdames L. Doctoroff, H. Karp, G. Baxter, I. Sholk'n, M. Hoffman, M. Berman, and W. Ziegler. Mrs. M. Zellin furnished the musical accompaniment.

Friends of Miss Betty Leigh, editor of the Arlington Press will be sorry to learn that she is confined to her Medford home by illness.

# Firemen Battle West Medford Fire Monday

Flames swept through the three story building near the railroad station and threatened the adjoining Sagamore Masonic Building.

Firemen from five cities joined Medford and Arlington crews in fighting the blaze. Two trains on the southern division of the Boston and Maine were delayed for more than two hours by the smoke.

Firemen led three people to safety. Mrs. Herietta Vickers, 81, a semi-invalid, Sally Capelo a beauty parlor operator and Mrs. Aelaine Leahy who was sitting under a drier in the shop.

Four Medford firemen were overcome by smoke, Walter Dowling, Micheal McHale, Albert Mor-

## Junior Women's Club Hears Talk By Art School Head

**YVETTE**—Young American songstress. Real name: Yvette Harris. Yvette made an appearance on "We the People" seven years ago. Then she was billed as an "exotic French chanteuse." Not much success.

Recently she returned to the same program (radio-TV Fr. nights, NBC) to explain her new formula. A victim of the Lisbon Clipper plane crash, Yvette, in recovery, got to thinking. In her need Americans proved their worth. No more "exotic" stuff. She has switched back to what she is, a gal from Louisiana—and soaring to great success.

The Arlington Junior Women's Club held their regular meeting on February 6, at the Robbing Library Hall. The speaker at this time was Dr. Hargraves, President of the New England School of Art, who gave a talk on "Success in Life through Art." His talk on interior decorating gave the girls many hints on how to make their present or future home interesting and inviting.

The girls were delighted to have the following guests, Mrs. Chandler of the 7th district director of Massachusetts, State Federation of Women's Clubs, Mrs. Kolster, Eastern Regional Vice President of the Massachusetts State Federation of Women's Clubs and Mrs. Chaves, president of the Arlington Senior Women's Club. Each of the women spoke a few words to the girls. They emphasized the good work of the club and told them how even more work could be done.

Details of the "Books for Betty" project were discussed and plans were made to start the collection at the next meeting. The purpose behind this project is to replenish an almost depleted stock of books in a library overseas. The plan was met with great enthusiasm by the girls.

A food sale is also to take place soon, with many of the girls asked to show their skill in the form of culinary art.

A theater party is also planned for next month. This is something the girls are looking forward to.

## UNIVERSITY THEATRE

William Powell, Betsy Drake and Mark Stevens in the new Technicolor comedy-drama with music, "Dancing in the Dark," has been announced as the next attraction, opening Sunday at the University. In the picture, described as one of the most authentic of all the movies that have dealt with Hollywood itself, Powell plays a has-been movie star, Emery Slade, who hits the come-back trail through mentoring a young starlet for the lead in a major picture.

Two of America's famous humorists, Will Rogers and Irvin S. Cobb, will be seen together in "Steamboat Round the Bend," the companion film they made before their death.

Sporting a profile that strongly resembles a ski jump, and boasting an air of suave sophistication that leaves women weak with laughter Bob Hope blithely plays the title role in the hilarious new comedy, "The Great Lover," which opens Wednesday for four days. Romantic Robert's qualifications as the world's most irresistible male, according to the mimeographed list he distributes, include the attributes of every lover from Romeo to Boyer. Actually he's the answer to a maiden's prayer only if she's praying for laughs. Bob plays chaperone to a group of Boy Foresters who are returning to America aboard a luxury liner after a bicycle tour through France.

Combining drama, mystery and humor, J. Arthur Rank's "Sleeping Car to Trieste," is an unusual and suspense-packed story of intrigue aboard the famous Continental Orient Express as it raced across Europe. It stars Jean Kent, Albert Lieven, Derrick de Marney, Paul Dupuis and introduces Rona Anderson, a talented new actress of great charm.

# Annual Report By Boy's Club Executive

Annual report of James H. Summer executive director of the Arlington Boys' Club, was issued and accepted at the recent annual report meeting of the club.

The report estimated that about 300-400 different boys visited the club daily, while adult visitors number 6,000 annually. There are 320 midjet members from eight to nine; 526 juniors from 10-12, 150 intermediates from 13-15; 85 sub-seniors from 16 to 17; and 46 seniors over 18.

Classes are conducted in photography, plaster coating, leathercraft, metal craft, woodworking, biology entertaining, light dramatics, hiking and museum tours and model railroading.

Six hundred boys participated in competition in pull-ups, free throw shooting, billiards, standing and running broad jumping and base running. There were 5,365 meals served at the club, and weekly movies were presented on 36 weeks.

Mr. Summer's report follows:

**A HAPPY PRIVILEGE**

Termination of activities at the close of December 1949 and compilation of this report brings, inevitably a wonderful sense of gratitude for the support and encouragement so manifest in the attainment and achievement of objectives set forth in the Report of the last previous Annual meeting.

Interest, engendered and so apparent at the Father & Son and Mother & Sons dinners was the cue, to tell the staff and the board of directors that 1949 would be a banner year. The Arlington Boys' Club has seen its name take its rightful place in the forefront of youth work in the Community of Arlington.

Our greatest gain and one most difficult to measure, from a casual viewpoint, is the one from which we can derive the most lasting satisfaction. In the realms of constructive membership attitudes we have arrived at the point wherein the boy members recognize their role of stockholders in a corporation. The boys are increasingly aware of their obligation to protect and safeguard the building, equipment and the name of the Arlington Boys' Club so that the hundreds of youngsters not yet old enough to become members will someday have the same privileges our present membership enjoys.

The seeds planted in the years past have broken through the crust of adolescent instability and new voting citizens are emerging as solid contributors to the many phases of community life. Tempering in the caldron of the Boys' Club provided much of the balance necessary for safe passage through the teen-age stage.

**PSYCHOLOGY OF THE WORKING TYPE**

All too frequently youngsters are discovered, either by observa-

tion of an alert staff member or through an introduction of a new boy by a parent, who have somehow missed an ingredient or two which they need for reasonable happiness missed in their childhood transitory period.

We are fortunate at Arlington in that all five staff members have received Psychology training at the various universities; however, there are no case working psychiatrists at the Boys Club. They are unnecessary in our field of endeavor.

A working knowledge of boy attitudes, a widely diversified program and a close rapport with the home have all combined to produce results which could be described as sensational to use flamboyant terminology.

Name after name of boys, needing just a little something more, come to the writer's mind, boys from broken homes, boys with physical handicaps, boys of extremely shy, reticent nature and boys with a set of parents who had not quite qualified as Mom and Dad.

These boys, particularly, as all boys generally, gained much from their experience at the Boys' Club and their daily contacts with each member of our staff. Many parent-staff conferences are remembered and the gratitude of the appreciative parents for the work of the Boys' Club brings a deep sense of satisfaction to staff members for their work in correcting many trying situations.

The foregoing is only possible because of the establishment and maintenance of our Boys' Club by President Sandler and you ladies and gentlemen of the Board of Directors for having demonstrated a belief, that charity is not a petty-bourgeois sentiment - but the gravitational force which keeps civilization in its orbit.

**STRUCTURAL PROGRESS**

The past year has seen the successful completion under House Committee Chairman Walter Richardson of almost all the proposed changes outlined in my report of the close of 1948. We have seen the renovation of many sections of our Pond Lane Clubhouse. Separate departments for our three major age groups have become a reality.

The sincere, concrete support of the trustees of the Godfrey M. Hyams Trust, Mr. J. Willard Hayden, President of the Charles Hayden Foundation, the Officers of the Arlington Boys' Club Womens Auxiliary and the officers of the Dads of the Arlington Boys' Club, and many individuals, too many to list here have also contributed substantial sums to make our building program and equipment more attractive and serviceable to our constantly growing membership.

Extremely wise and efficient

spending of the money donated to us for repair and renovation has allowed much more to be completed than was originally estimated. Your director recognizes and obligation to extract the utmost value for each dollar of contributions expended.

The year saw - a new office location, light airy and more efficient, the old office became an attractive reading - conference room. The Junior Room was completely refurnished, with attractive painting and new lighting plus a new fire escape. A completely new Senior Room and new Crafts Rooms (2) were also added to the club facilities. New seating benches were installed throughout the clubhouse and gym.

The new look was most effectively applied to the Locker Room - Shower Room and Bowling Alleys. The results of renovation in the Bowling Alley Room are very gratifying. Interest and activity here almost matches the gymnasium. The alleys were re-opened November 30th and figures for December show that over 2200 strings rolled on the clubs four alleys.

Efforts of a person wishing to remain anonymous and the Ladies Auxiliary resulted in a fine new "Hot Top" asphalt play area on the land in front of the club. This has given us a second gym, as it were. Mild weather prevailing, the outdoor area is used daily by club boys. Use of our new Crafts Rooms became a reality through the efforts and generosity of the Arlington Rotary Club. Extremely valuable help in sending boys to summer camp came from the Arlington Kiwanis Club and the Massachusetts Republican Club.

**ENERGY ACTIVITY PROGRAM**

While using the standard, time tested program standbys, the staff of the Arlington Club has also constantly sought to introduce variety in their planning for activities for the membership. A valuable source of material, ideas and outlines is the Program Service Department of the National Office of the Boys' Club of America and constant exchange of ideas from fellow member clubs of our North East Area Council Boys' Club of America.

With the addition of more personnel at the club our program has been expanded to really reach the level of the gang or group type member. These boys come to the club in natural neighborhood groups of 6, 8, 10, and 12 boys. These groups have become more tightly knit and responsible under the Boys' Club guidance. Each of these 28 units has its own officers, and does not lose its identity in the overall mass picture of activities at the club.

An effort has been made to alleviate the lack of Gymnasium facilities at the Junior High Schools, West and Center. Each school is allotted gym periods on the Boys' Clubs' busy floor. Arlington's three Junior Highs are also allowed a period each in the Bowling Alleys. The Boys' Club stands ready to cooperate fully in good community service. Witness our work in the "Jimmy" Cancer

**Fund Drive**

Enlarged membership enrollment would not be too serious a problem if it did not greatly increase the hourly attendance. However, that is precisely what has transpired and the Executive Committee is already aware of this and has made plans to meet this situation.

**ADJUSTMENTS NECESSARY IN 1950**

Because of the vast amount accomplished in the physical setup of the plant within the past two and one half years, the House Committee will be confined to expansion in only one direction within the present structure.

The Dining Porch in its present form is unusable, for a major portion of the year. Careful planning and certain renovations would make the Dining Porch suitable for many other activities, this would provide valuable space necessary for a group program, Arlington's geographical lines indicate desirability of Group Club planning.

A stairway from the Locker Room to Gym is again recommended for this year for better control and health purposes. The heating plant must receive attention this year to adequately take care of the greatly enlarged facilities now in everyday use. Purchase of a new motion picture projector, electric drinking fountain and approximately 60 solid chairs should be considered.

**LOOKING AROUND THE CORNER**

An enclosed, year round, swimming pool is within the reach of the Arlington Boys' Club. A pool of this type would be a wonderful blessing to the entire community. Hundreds of youngsters would be taught the proper way to swim, Life Saving classes would be conducted and the entire youth of the town would have at least one decent place in which to enjoy recreational swimming.

We are fortunate in having the vital interest of a man of tremendous enthusiasm and influence who is ready and waiting to help the Arlington Board of Directors to not only campaign for a swimming pool but a new building if it is so decided.

**IN GRATEFUL APPRECIATION**

There are many phases of our Boys' Club activities that I have not covered, however, I shall leave the unsaid and turn finally with a work of gratitude to the naming of those without whom we would not have even remotely approached the wonderful progress we have made this year of 1949.

I look upon the staff and volunteers at the Boys' Club as fellow team members each one playing his or her part loyally and unselfishly.

My sincere thanks go forth to Miss Edith M. Fox, Walter S. Colledge, Jr., Club Treasurer, James F. Kenealy, Austin Welch, Paul Shea, Jerome Denman, Laughlin Hingley and Anne Fother. Many others including the Police, and Fire Departments, the Rotary and Kiwanis Clubs, Board, Dads, Women's Auxiliary, plus a long list of volunteer leaders and others too numerous to mention have all contributed much to the success of the Arlington Boys' Club.

Respectfully Submitted  
James H. Summer  
Executive Director

## Hoop Five Wins But Loses Title

Despite a neat 52-35 victory over Melrose high school last Friday evening at the local high school gym, Winchester high school's basketball team had to be content with second place in the Middlesex League behind perennial champion Belmont.

A 21 point performance by center Murphy paced the locals to a neat win over Melrose, and if the Belmont team had dropped its contest to Reading, the local quintet would have gained a top place tie.

Winchester took an early lead, and kept well in front all the way. Tansey added 13 points to the total. Crawford lead the Melrose team with a 13 point total.

## Community Services Move To New Quarters

It will be moving day during the coming week for the Volunteer Service Bureau of 45 Bromfield street and other Boston offices of United Community services of Metropolitan Boston when they will take up their new permanent quarters in the one-time Boston City club at 14 Somerset street in the shadow of the State House golden dome.

Now officially known as the Mason Memorial building, this centrally located community center honors the memory of two Beacon Hill sisters, Ellen F. and Ida M. Mason. In 1929 they left a trust fund of nearly \$1,000,000 for charitable purposes, with the provision that the principal might be used in whole or part after 1942. Last August the balance of the fund, \$400,000 was allocated for the purchase of the City Club to house UCS, including the yearly Community Fund Red Feather campaign.

The keys were turned over, December 31, to Charles C. Cabot, UCS president. Extensive alterations have since been under way to house most of the UCS offices on the four upper floors. It is expected that about 25 member agencies will also transfer their offices to the new headquarters.

The Volunteer Service Bureau, located at 45 Bromfield street the past five years, will be one of the first UCS units to carry on "bus-

iness as usual" in the new quarters. Their office is easily accessible at the right of the Mason building main entrance.

Volunteers are always needed to meet the countless requests coming in from more than 100 different Greater Boston agencies, including hospitals and social, health and youth services. Every day new recruits are signed up, ranging from boys and girls of secondary school and college age to retired men and women in the seventies and eighties who give regular time, or an hour or two when needed.

There is something for everyone. During the year the Volunteer Service Bureau fills calls for thousands of volunteers to help in a wide scope of activities all the way from stuffing envelopes to assisting in 23 hospitals. Some 3500 volunteers from all parts of Greater Boston are on call, Harriet F. Parker, director, reports.

Mrs. Sydney M. Harrison of Hingham, bureau chairman, and Miss Parker cordially invite all having a little spare time they would like to give to worthwhile community service to drop in at 14 Somerset street, or call Richmond 2-2000.

John M. Kingman of Winchester director of Lincoln House and Hale House, Red Feather neighborhood centers in Boston's South End, is chairman of the Neighborhood and Youth Agencies committee.

## Census Officer To Select Crew Heads

The Lowell District Office of the United States Bureau of the Census states that final selections for the crew leader positions will be made about the end of February after oral and written tests of candidates for the job according to Arthur E. McCabe, Census District Supervisor here. Approximately twenty crew leader positions will be filled. Each crew leader will have supervision over about twenty enumerators.

Qualifications required for selection as crew leader includes, as a minimum, a high school education and at least three years experience in supervising or assisting in the supervision of an office force or field crew, training of subordinates making and reviewing reports of average difficulty and handling related assignments. In general, an applicant's record of experience

must show satisfactory performance in increasingly responsible positions. College education may be counted in part in lieu of experience.

The Census Bureau further specifies that the applicant's previous employment and associations must be of such a nature that they will facilitate obtaining from respondents. Census Bureau employees are sworn to secrecy and are punishable by law for revealing confidential information, but beyond this care is exercised to employ only persons who have public confidence.

Jayne Bliss, proprietor of Jayne's Shoppe, is enjoying a month's vacation in Florida.

Mrs. Thomas McCarthy and daughter Rosemary are enroute to Colorado by the southern route, including a stop at New Orleans.

## Hockey Team Drops Big Melrose Game

### Defending Champs Have Last Chance Against Medford On Saturday

By Frank Mahoney

ARLINGTON HIGH'S crown seeking hockey team suffered a bitter defeat, Saturday afternoon, at the Boston Gardens before some 4500 fans, as a brilliant Melrose squad drubbed them 4-0.

ALTHOUGH THIS loss does not put Arlington out of the running it cuts the r' chances down to a very slim margin. The little word with the big meaning will be an extremely important factor in hockey discussions th's week. "If" Arlington can defeat Medford next week and Rindge can beat Melrose then a three way tie for first place will ensue.

THE PRESENT standings give Melrose a two point lead over Arlington. Medford and Rindge, who are tied for second place with 12 points apiece. Should Arlington defeat Medford next Saturday and Rindge subdue Melrose, Medford would drop out of the race and Arlington, Melrose and Rindge would be tied for first place. The officials of the Greater Boston League are now in conference attempting to decide what sort of a playoff arrangement could be made to decide the championship this unprecedented tie should occur.

IN A HAIR raising first period of the feature Saturday event Melrose took the lead when a weak shot by Bob Cox crawled over the stick of Arlington's goalie at 6:30. Arlington then went all out to tie up the game but not one of the score shots let loose at goalie Baker got past him.

MELROSE OPENED, the second period with more ferocity than they had shown all year. The Arlington defensemen could not keep up with shot from one man to another and shot for more man to another and at 6:05 a three way pass play saw Bob Marsolais scoring the second Melrose goal with the aid of John Titus and Seaver Peters. Melrose did not slack off here, for one minute later, Peters shot in a Marsolais rebound off the nets.

DOLDRUMS OF ALL kinds hampered the Arlington squad in the third period when Melrose clinched the game with a Kennefic rebound shot which was looped in by Cicoria. Th's final tally took the heart out of last year G. B. I. champs. After the final bell rang the Arlington players performed one of the best shows of good sportsmanship witnessed all year. Each Arlington play congratulated his opponent as Melrose left the ice feeling that they had gotten

over the toughest hump in the circuit.

Summary:

First Period: Cox (Kelley) 6:03. Second Period: Marsolais (Titus, Peters) 6:05, Peters (Marsolais) 6:44.

**Sticks and Blades**  
The fight is on!! Who will we cheer for? This is the question of the week as far as Arlington College hockey fans are concerned.  
In recent years proud little Arlington High graduated a young man named Ralph "Ikey" Bevins who was to go into the cruel world and make his way. However, Ikey like so many other lads came across a long lost rich uncle and found that he could further his education, so on to Boston University's School of Education he went.  
Now Ikey wasn't the regular sort of a guy that graduates every day, no, he had been a three letter man and captain of all three high school teams. When he graduated he took a tremendous following of fans along with him.  
The same year that Ikey entered Boston U. another young Arlington man, Warren Lewis, graduate of St. Agnes school and Boston College High, was also entering the College on the Heights. Warren having been a sensational hockey player in High School also had a large Arlington following.  
Both of these men joined the hockey squad in their respective Colleges and as the years went by the heat was slowly put on until last Monday night when water was poured onto the fire by a 8-1 victory by Boston University over their "Friendly" rivals, Boston College. We all know that steam is the resultant of water poured onto a fire and brother that's what we got.  
Friends have stopped speaking to each other, college men won't even ride on the same street car, and unless I miss my guess, if tickets for the March 7, Boston U.,
